Reminder: Each Project must have a cover sheet, even if a student works alone. Groups must have 2 or 3 members.

Your project report must be typed or printed via word processor. The body of the report should be written in complete sentences, augmented by charts and/or tables (these may be hand drawn). The report must contain a clear statement of each question as it is addressed, explain what your conclusions are, and the calculations made and reasoning used to reach those conclusions.
